WE, the undersigned, the Members of the Select Committee of the Council of the Governor-General of India for the purpose of making Laws and Regulations, to whom the Bill to amend the Law relating to the use of a Government Seal was referred, have the honor to report that we have considered the Bill, and that we have only to suggest the insertion of the words "or by the authority" after the word "behalf" in lines 7 and 13 of the Section, so as to provide for the use of the new Seal, whether it be required to be affixed on behalf of the Government (as provided in the Bill) or by its authority.

THE following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 19th February 1862, and was referred to a Select Committee with instructions to make a report thereon before the 1st March next :—

A Bill to provide for the payment at the Banks of Bengal, Madras, and Bombay, respectively, of moneys payable at the General Treasuries of Calcutta, Madras, and Bombay.

WHEREAS, under the provisions of Act XXIV of 1861, the Bank of Bengal has entered into an agreement with the Secretary of State for India in Council,

through the Governor-General of India in Council, that so much of the business hitherto generally transacted at the General Treasury of the Government at the Presidency of Fort William, as consists in receiving and paying money on behalf of the Supreme Government and the Government of Bengal, shall be carried on and transacted by the said Bank, subject to the provisions of the said agreement and to such orders and directions with regard to receipts and payments, as may, from time to time, be given to the said Bank by the Governor-General in Council, or any of the Officers of the Government of India authorized in that behalf.

And whereas the Governor-General in Council has given notice in the *Calcutta Gazette* that the Treasury of the Secretary of State for India in Council and of Her Majesty's Indian Government at Calcutta shall, from and after the 1st day of March 1862, be established at the Bank of Bengal.

And whereas the Bank of Madras and the Bank of Bombay are in treaty with the Governor in Council of Madras and the Governor in Council of Bombay respectively, for the purpose of entering into similar agreements, and it is probable that such agreements will be shortly executed, and that similar notice to that hereinbefore mentioned will be given by the Governors in Council of Madras and Bombay in regard to the Banks of Madras and Bombay.

And whereas divers promissory notes and negotiable securities and other obligations for the payment of money made by or on behalf of the Secretary of State for India in Council or by the Governor-General of India in Council, the Governor of Madras in Council, and the Governor of Bombay in Council, respectively, on behalf of the East India Company and of the Secretary of State for India in Council, are made payable at the General Treasury of Fort William in Bengal, the General Treasury at Madras, and the General Treasury at Bombay, respectively.

And whereas divers other securities and obligations are made payable to the Secretary of State for India in Council or to the said Governor-General in Council, or to the Governors in Council of Madras or of Bombay at the said General Treasuries of Fort William in Bengal, Fort St. George, and Bombay, respectively;

It is therefore enacted as follows :

I. On and after the 1st day of March 1862 all sums payable by or to the Secretary of State for India in Council or by or to the Governor-General of India in Council, or the Government of Bengal on behalf of the Secretary of State for India in Council, at the General Treasury of Fort William in Bengal, shall be payable by or to the Secretary of State in Council or by or to the Governor-General of India in Council or the Government of Bengal respectively on behalf of the Secretary of State in Council, at the Bank of Bengal instead of at the General Treasury at Calcutta.

II. Whenever presentment of any promissory note, security, or obligation for payment or for any other purpose at the General Treasury of Fort William in Bengal, before the said 1st day of March 1862, would have been necessary or sufficient,

presentment for such purpose at the Bank of Bengal shall be necessary or sufficient, as the case may be, on and after the said 1st day of March 1862.

III. If the Governors in Council of Madras and of Bombay respectively shall give notice in the *Government Gazette* of their Presidencies respectively, that the Banks of Madras and Bombay respectively have entered into agreements or arrangements with the Secretary of State for India

in Council through the said Governor in Council, for the purposes mentioned in the Preamble of this Act, under the provisions of the said Act XXIV of 1861, and that from and after a date to be specified in such notice, the Treasury of the Secretary of State for India in Council, and of Her Majesty's Indian Government at Madras and Bombay respectively, shall be established at the Banks of Madras and Bombay respectively, all sums payable by or to the Secretary of State for India in Council, or by or to the Governor of Madras in Council or the Governor of Bombay in Council on behalf of the Secretary of State for India in Council at the General Treasury at Madras, or at the General Treasury at Bombay respectively, shall be payable by or to the Secretary of State in Council, or by or to the Governor of Madras in Council, or the Governor of Bombay in Council on behalf of the Secretary of State in Council, at the Bank of Madras or the Bank of Bombay respectively instead of at the General Treasury at Madras or the General Treasury at Bombay.

IV. In such case, whenever presentment of any promissory note, security, or obligation for payment or for any other purpose, at the General Treasuries at Madras or Bombay respectively, would have been necessary or sufficient, if such notice had not been given and this Act had not been passed, presentment for such purpose, at the Banks of Madras and Bombay respectively, shall be necessary or sufficient, as the case may be, on and after the date specified in such notice by the Governor in Council of Madras and Bombay respectively.

V. Nothing in this Act shall render necessary the presentment at the Banks of Bengal, Madras, and Bombay respectively of any security or other obligation which it would not have been necessary to present at the General Treasuries of Bengal, Madras, and Bombay, respectively, if this Act had not been passed.

STATEMENT OF OBJECTS AND REASONS.

THE sole object of this Bill is to place beyond all doubt the sufficiency of presentment at the Banks of Bengal, Madras, and Bombay, respectively, of all notes and securities payable by the terms thereof at the General Treasuries of Calcutta, Madras, and Bombay, and of the payments at the Banks of all sums payable by or to Government at those Treasuries, after those Banks have been appointed by the Government Agent for the purpose of making the payments heretofore made at the General Treasuries, under the provisions contained in Act XXIV of 1861.

When, by the terms of any security or contract, a sum is payable generally at the Treasury of the Government at or of the Presidency, no doubt can exist as to the validity of presentment and payment at any place which the Government may, from time to time,

appoint to be its Treasury, and the aid of the Legislature is not necessary for such a purpose. But a question may arise, whether some of the existing obligations of Government may not be so framed as to render necessary a presentment and payment at the particular Establishment known as the General Treasury at the Presidency Towns and distinct from any agency the Government may appoint elsewhere for payment: and it is to meet this doubt that the Bill has been framed.

Care has been taken to preserve the rights and liabilities both of the Government and of parties holding its securities precisely in the same condition as before the Bill, the only change effected being in the place of payment.

The agreements with the Banks of Madras and Bombay have not been, as yet, reported as concluded, and provision is therefore made that the Act shall come into operation, as to them, when the Governor in Council of the Presidencies shall have issued a notice similar to that issued by the Governor-General in Council in regard to the Bank of Bengal, and from the date specified in such notice.

LEGISLATIVE DEPARTMENT.

THE following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations, on the 15th February 1862, and was referred to a Select Committee, who are to report thereon after the 19th March next:—

A Bill to improve the system of Zemindary Dawks in the Provinces subject to the Government of Bengal.

WHEREAS the conveyance of letters on the Public Service between Police Stations and the Magisterial Officers of the Districts subject to the Government of Bengal is defective, irregular, and uncertain, and the system requires to be amended and placed on a better footing; It is enacted as follows:—

Section X, Regulation XX, 1817, repealed. 1. Section X, Regulation XX of 1817 is hereby repealed.

II. From and after the passing of this Act, the appointment of dawk-runners and other officials necessary for the performance of the service of transporting all letters or packets conveyed between Police Stations and Magistrates of Districts, or Officers in charge of Sub-Divisions, shall be vested exclusively in the Magistrate of the District, or in such Officers as the Government may, from time to time, direct; and no proprietor or farmer of land and no local agent of such proprietor or farmer shall have any concern in the appointment of pykes, peons, or runners for the above duty. The decision of all questions regarding the salaries or the removal of such runners or other subordinate officers shall rest with the Magistrate or with such other Officer as the Government may appoint, and with no one else.

III. It shall be lawful for the Magistrate of the District or for such Officers as the Government may direct, to collect the funds necessary for the payment of the establishments required for the transport of letters by such zemindary dawks, from the Zemindars paying revenue direct to Government, or from the farmers of land in each District, and to apportion rateably the sums to be paid on this account by each Zemindar.

IV. The Magistrate or other Officer shall, in the performance of this duty, first fix the total sum necessary for the efficient service of the zemindary dawks on the various lines of his District, and shall then proceed to apportion the above amount rateably, to the Zemindars of the whole District who are Sudder Proprietors or farmers of land. No Zemindar or farmer of land shall hereafter be exempted from liability on the ground that no zemindary dawk passes through any portion of his estates.

V. It shall be lawful for the Magistrate or other Officer nominated by Government to perform this duty, to appoint a local Committee composed of such of the District authorities and of the Zemindars as he may think fit, in order to determine the amount payable by each Zemindar for the purposes of this Act. The Magistrate shall be the President of any such Committee and shall have a casting vote at all deliberations. One appeal, and no more, shall lie to the Commissioner of the Division from any final order of a Magistrate or other Officer, or of a local Committee, imposing any pecuniary liability above the sum of ten Rupees a quarter on any Zemindar or farmer of land for the defrayal of the above postal service.

VI. It shall be competent to the Government, by an order to that effect, to exempt from the above liability any Zemindars or farmers the sudder jumma of whose estates in any one District does not exceed the sum of fifty Rupees a year.

VII. The sums leviable under the apportionment of the Magistrate or local Committee under this Act, shall be collected quarterly and in advance from the parties liable, by the Magistrate or other Officer appointed; and any Zemindar or farmer, and any local Agent, refusing or delaying to pay the quota imposed on him, shall be liable to a fine of one hundred Rupees for each offence, such fine to be leviable by distraint and sale of moveable property, or, in default of assets, to be commutable to one month's imprisonment in the Civil Jail. The sums leviable under this Act for the purpose of the dawks shall also be made good by the above process, in all cases of default. Cases under this Act may be instituted either in the District where the estate on account of which the rate is imposed is situated, or in the District where the owner or farmer of such estate habitually resides.

VIII. This Act shall not apply to any portion of the Province of Assam with the exception of the District of Gowalparah.

IX. It shall be competent for the Government to frame general rules for the guidance of the authorities and for the transport of the dawks established by this Act, provided such rules be

not incompatible with its provisions, or with the provisions of Act XVII. of 1854 (*for the management of the Post Office, for the regulation of the duties of postage, and for the punishment of offences against the Post Office.*)

A. G. MACPHERSON,
Secy to the Govt. of Bengal,

THE following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations, on the 15th February 1862, and was referred to a Select Committee, who are to report thereon after the 19th March next :—

A Bill to amend Act XLII of 1860 (for the establishment of Courts of Small Causes beyond the local limits of the Jurisdiction of the Supreme Courts of Judicature established by Royal Charter.)

WHEREAS it is expedient to amend Act XLII of 1860 (so far as the same relates to the Provinces subject to the Government of Bengal) in order to enable suitors to sue persons not actually residing, but carrying on business through their servants or agents, within the local limits of the jurisdiction of the Courts established under the said Act, it is enacted as follows :—

I. All persons shall be deemed to be within the jurisdiction of any Court established under Act XLII of 1860, who at the time of the commencement of the suit in such Court dwell or carry on any business or work for gain within the local limits of the jurisdiction thereof.

II. Service of any summons issued under this Act may be made on any Manager or Agent of a defendant, if such defendant shall not personally dwell or carry on business or work for gain within the local limits of the jurisdiction of the Court from which such summons shall issue, although such Manager or Agent may not have been appointed by the defendant to appear or to receive service for him; and service upon such Manager or Agent as aforesaid shall be deemed to be good service upon the defendant, provided always, that such Manager or Agent himself at the time of such service personally dwells or works for gain or carries on business for such defendant within the local limits of the jurisdiction of the Court from which the summons issues.

III. This Act shall be taken and read as part of Act XLII of 1860.

A. G. MACPHERSON,
Secy. to the Govt. of Bengal,

A Bill to amend Act X of 1859 (to amend the Law relating to the recovery of Rent in the Presidency of Fort William in Bengal).

WHEREAS it is expedient to amend Act X of 1859, so far as the same relates to the Provinces subject to the Government of Bengal; It is enacted as follows :—

1. In any suit for rent under Act X of 1859, in which it shall appear to the Court before whom such suit shall be tried, that the plaintiff is entitled to a decree for the full amount of rent claimed by him, and the ryot or other person liable to pay such rent has, after lawful demand made in usual course, wilfully, and without reasonable ground for testing the demand or some part thereof, refused or neglected to pay the same, the Court, at its discretion, may award to the plaintiff, by way of penal damages, a specific sum not exceeding twenty-five per cent on the rent decreed, over and above the sum so decreed as rent, with interest and costs. And the specific sum so decreed shall be leviable by the same process as the rent decreed in the suit. A ground for contesting the demand may be a reasonable ground, within the meaning of this Section, though it may not be a legal justification for not paying the amount demanded.

II. If any Zemindar, Talookdar, or person having a right to measure any lands by the Collector in certain land, but does not know and cannot ascertain by whom such land is held or cultivated, he may apply to the Collector for the official measurement of such land specifying its boundaries, or otherwise describing it so as to admit of its identification, depositing such sum as to the Collector may seem proper by way of expenses; and the Collector shall thereupon issue a notification, requiring the person or persons holding or cultivating the land to attend at the measurement of it on a fixed day. The notification shall be affixed to a tree or a post on the land, and shall also be stuck up in the village to which the land belongs, in the Office of the Collector, and in the Mâl Cutcherry of the Zemindaree or Talook in which the village is situated. If the person or any one or more of the persons holding or cultivating the land or any part or parts thereof, fail to attend either personally or by agent on the day fixed by the notification for the measurement, the Collector or any person deputed by the Collector for the purpose shall nevertheless proceed to the measurement of the land upon such information as to its boundaries and the parcels into which it may be divided as he can obtain, and shall duly record the particulars of the measurement. Whenever no person comes forward as holding or cultivating the land or any part or parts thereof, the Collector or other person deputed to make the measurement shall note the fact in regard to such land or such part or such parts thereof, and issue a notification, specifying the

same, and declaring such land or such part or such parts thereof liable to lapse to the Zemindar, Talookdar, or other person entitled to measure, unless the holder or cultivator thereof appear before the Collector within a period of fifteen days to claim the same. If within the same

If the holder or cultivator fails to attend according to notice, his land shall lapse to the person entitled to measure, the same. If within the same period no such holder or cultivator appears, the Collector, on the application of the person entitled to measure, shall pronounce the lapse of such land or such part or such parts thereof, to such Zemindar, Talookdar, or other person accordingly. If within the same period the holder of such land or of any part thereof shall appear, either personally or by agent, before the Collector, and shall satisfy the Collector that he had some reasonable excuse for not having appeared on the day of measurement, and shall deposit such sum as to the Collector may seem proper by way of expenses, the Collector may order a re-measurement if he thinks it necessary to do so, or otherwise he shall amend the record of measurement accordingly.

III. All measurements made under this Act shall be made by the Government standard pole of measurement.

IV. Section LXXIV of Act X of 1859 is hereby repealed, and the following new Section shall be read as Section LXXIV of that Act:—

“LXXIV.—The defendant in any action under this Act may pay into Court such sum of money as he shall think a full satisfaction for the demand of the plaintiff, without paying in any costs incurred by the plaintiff up to the time of such payment: and such sum shall be immediately paid to the plaintiff. If the defendant deposit less than the sum claimed, and the plaintiff elect to

If plaintiff proceed and ultimately recover no further sum than that paid into Court, he shall be liable to the whole costs of the suit incurred by the defendant as well as those incurred by himself.”

V. So much of Section LXXI of Act X of 1859 as directs that no fee for any Agent shall be charged as part of the costs of suit in any case under the Act is hereby rescinded: and it shall be competent to a Collector, in any suit tried and decided under Act X of 1859, to award to any party as a fee for the services of any Agent or Mooktear employed by him, and to charge as costs of suit such a sum, not exceeding the rate of fee chargeable under the provisions of Section VII of Act I of 1846 for Pleaders in the Civil Courts, as the Collector may direct.

VI. The provisions relating to attachment before judgment contained in Sections LXXXI to XC of Act VIII of 1859 (for simplify-

ing the procedure of the Courts of Civil Judicature not established by Royal Charter) are hereby extended to Act X of 1859, and shall be applicable according to the nature and exigency of the case, to suits tried under that Act.

VII. Section LXXXVI of Act X of 1859 is hereby repealed, and the following new Section shall be read as Section LXXXVI of that Act:—

“LXXXVI. Process of execution may be issued against either the person or the property of a judgment debtor, but process shall not be issued simultaneously against both person and property. It may be issued on the oral application of the judgment creditor, his Agent or Mooktear, made at the time the decree is made, or thereafter upon the written application of the judgment creditor, his Agent or Mooktear, directed to the Court by which the original decree was made. No. 191 of 1862.—Her Majesty's 75th Regiment being about to embark for England after a service of more than twelve years in India, His Excellency the Viceroy and Governor General in Council desires to express to the Corps the approbation with which the Government of India views its services.

The Regiment was one of the very first to take the Field in May 1857, having been rapidly moved down from Kussowlie on the first intelligence of the outbreak at Meerut.

It was attached to the Force assembled at Umballah under the immediate orders of His Excellency the late General the Hon'ble G. Anson for the purpose of moving on Delhi, and as part of the Brigade of Brigadier (now Brigadier-General) Showers, C. B., greatly distinguished himself at the attack on and capture of the Enemy's Batteries at Budlee Serai on the 8th June 1857.

The Regiment served throughout the Siege of Delhi, sustaining very heavy loss in Officers and men, both by casualties in action and from sickness caused by exposure in Camp during the hot season and rains.

At the final assault the Regiment formed part of the Column led by the lamented Brigadier-General John Nicholson, and was one of the first Corps established within the walls.

After the capture of Delhi, the remnant of the Regiment was attached to the Column that defeated the Rebels at Bolundshuhur, Allyghur, and Agra, and in various subsequent actions; and took part in the final relief of Lucknow by Lord Clyde.

For many weeks the 75th Regiment assisted to hold the Alum Bagh position, and for its conduct in action received the approbation of Lieutenant-General Sir James Outram.

The Viceroy and Governor-General in Council has pleasure in placing on record the valuable services of this Regiment, and cordially wishes it a prosperous voyage to England and every success hereafter.

THE following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 19th February 1862, and was referred to a Select Committee with instructions to make a report thereon before the 1st March next:—

A Bill to provide for the payment at the Banks of Bengal, Madras, and Bombay, respectively, of moneys payable at the General Treasuries of Calcutta, Madras, and Bombay.

WHEREAS, under the provisions of Act XXIV of 1861, the Bank of Bengal has entered into an agreement with the Secretary of State for India in Council,

through the Governor-General of India in Council, that so much of the business hitherto generally transacted at the General Treasury of the Government at the Presidency of Fort William, as consists in receiving and paying money on behalf of the Supreme Government and the Government of Bengal, shall be carried on and transacted by the said Bank, subject to the provisions of the said agreement and to such orders and directions with regard to receipts and payments, as may, from time to time, be given to the said Bank by the Governor-General in Council, or any of the Officers of the Government of India authorized in that behalf.

And whereas the Governor-General in Council has given notice in the *Calcutta Gazette* that the Treasury of the Secretary of State for India in Council and of Her Majesty's Indian Government at Calcutta shall, from and after the 1st day of March 1862, be established at the Bank of Bengal.

And whereas the Bank of Madras and the Bank of Bombay are in treaty with the Governor in Council of Madras and the Governor in Council of Bombay respectively, for the purpose of entering into similar agreements, and it is probable that such agreements will be shortly executed, and that similar notice to that hereinbefore mentioned will be given by the Governors in Council of Madras and Bombay in regard to the Banks of Madras and Bombay.

And whereas divers promissory notes and negotiable securities and other obligations for the payment of money made by or on behalf of the Secretary of State for India in Council or by the Governor-General of India in Council, the Governor of Madras in Council, and the Governor of Bombay in Council, respectively, on behalf of the East India Company and of the Secretary of State for India in Council, are made payable at the General Treasury of Fort William in Bengal, the General Treasury at Madras, and the General Treasury at Bombay, respectively.

And whereas divers other securities and obligations are made payable to the Secretary of State for India in Council or to the said Governor-General in Council, or to the Governors in Council of Madras or of Bombay at the said General

Treasuries of Fort William in Bengal, Fort St. George, and Bombay, respectively ;

It is therefore enacted as follows :—

I. On and after the 1st day of March 1862 all sums payable by or to the Secretary of State for India in Council or by or to the Governor-General of India in Council, or the Government of Bengal on behalf of the Secretary of State for India in Council, at the General Treasury of Fort William in Bengal, shall be payable by or to the Secretary of State in Council or by or to the Governor-General of India in Council or the Government of Bengal respectively on behalf of the Secretary of State in Council, at the Bank of Bengal instead of at the General Treasury at Calcutta.

II. Whenever presentment of any promissory note, security, or obligation for payment or for any other purpose at the General Treasury of Fort William in Bengal, before the said 1st day of March 1862, would have been necessary or sufficient, presentment for such purpose at the Bank of Bengal shall be necessary or sufficient, as the case may be, on and after the said 1st day of March 1862.

III. If the Governors in Council of Madras and of Bombay respectively shall give notice in the *Government Gazette* of their Presidencies respectively, that the Banks of Madras and Bombay respectively have entered into agreements or arrangements with the Secretary of State for India in Council through the said Governor in Council, for the purposes mentioned in the Preamble of this Act, under the provisions of the said Act XXIV of 1861, and that from and after a date to be specified in such notice, the Treasury of the Secretary of State for India in Council, and of Her Majesty's Indian Government at Madras and Bombay respectively, shall be established at the Banks of Madras and Bombay respectively, all sums payable by or to the Secretary of State for India in Council, or by or to the Governor of Madras in Council or the Governor of Bombay in Council on behalf of the Secretary of State for India in Council at the General Treasury at Madras, or at the General Treasury at Bombay respectively, shall be payable by or to the Secretary of State in Council, or by or to the Governor of Madras in Council, or the Governor of Bombay in Council on behalf of the Secretary of State in Council, at the Bank of Madras or the Bank of Bombay respectively instead of at the General Treasury at Madras or the General Treasury at Bombay.

IV. In such case, whenever presentment of any promissory note, security, or obligation for payment or for any other purpose, at the General Treasuries at Madras or Bombay respectively, would have been necessary

or sufficient, if such notice had not been given and this Act had not been passed, presentment for such purpose, at the Banks of Madras and Bombay respectively, shall be necessary or sufficient, as the case may be, on and after the date specified in such notice by the Governor in Council of Madras and Bombay respectively.

V. Nothing in this Act shall render necessary the presentment at the Banks of Bengal, Madras, and Bombay respectively of any security or other obligation which it would not have been necessary to present at the General Treasuries of Bengal, Madras, and Bombay, respectively, if this Act had not been passed.

STATEMENT OF OBJECTS AND REASONS.

THE sole object of this Bill is to place beyond all doubt the sufficiency of presentment at the Banks of Bengal, Madras, and Bombay, respectively, of all notes and securities payable by the terms thereof at the General Treasuries of Calcutta, Madras, and Bombay, and of the payments at the Banks of all sums payable by or to Government at those Treasuries, after those Banks have been appointed by the Government Agent for the purpose of making the payments heretofore made at the General Treasuries, under the provisions contained in Act XXIV of 1861.

When, by the terms of any security or contract, a sum is payable generally at the Treasury of the Government at or of the Presidency, no doubt can exist as to the validity of presentment and payment at any place which the Government may, from time to time, appoint to be its Treasury, and the aid of the Legislature is not necessary for such a purpose. But a question may arise, whether some of the existing obligations of Government may not be so framed as to render necessary a presentment and payment at the particular Establishment known as the General Treasury at the Presidency Towns and distinct from any agency the Government may appoint elsewhere for payment: and it is to meet this doubt that the Bill has been framed.

Care has been taken to preserve the rights and liabilities both of the Government and of parties holding its securities precisely in the same condition as before the Bill, the only change effected being in the place of payment.

The agreements with the Banks of Madras and Bombay have not been, as yet, reported as concluded, and provision is therefore made that the Act shall come into operation, as to them, when the Governor in Council of the Presidencies shall have issued a notice similar to that issued by the Governor-General in Council in regard to the Bank of Bengal, and from the date specified in such notice.

LEGISLATIVE DEPARTMENT.

THE following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations, on the 15th February 1862, and was referred to a Select Committee for report:—

A Bill for the better enforcement of Discipline in the House of Correction and Great Jail at Calcutta.

WHEREAS it is expedient to provide for the better enforcement of discipline and order amongst the prisoners confined within the House of Correction, forming part of the Great Jail of Calcutta, as well as for the more effectual superintendence over, and control of, the said House of Correction; It is enacted as follows:—

I. The authority hitherto exercised by the Sheriff of Calcutta over that part of the Great Jail which is termed the House of Correction, shall henceforth cease and determine; and the whole authority over the House of Correction and the prisoners confined therein is hereby vested in the Commissioner of Police for Calcutta, or in such other Officer as the local Government may from time to time appoint.

II. The Commissioner or other Officer, in whom the control of the House of Correction shall be vested, is hereby empowered to take cognizance of all breaches of prison discipline, and to punish persons guilty of mutinous and violent conduct or of insolent language, or contumacious refusal to perform the work allotted to them, by placing them in solitary confinement, which shall not extend beyond three days at a time for each offence, or in separate confinement for not more than seven days, or by confining them in irons, for periods not exceeding four days in each case. Provided that no person shall be detained in prison under the provisions of this Act longer than the term of his original sentence. A Register of all persons punished under this Act shall be regularly kept by the official in charge of the House of Correction, and forwarded to Government once a month.

III. The Local Government is hereby authorized from time to time to frame rules for the proper discipline of prisoners in the House of Correction, with regard to their food, dress, hours of recreation and work, labor, classification, and all points in any way concerning the regularity and order of the said House of Correction.

IV. These rules shall be applicable to all persons confined in the House of Correction under any judicial sentence, whether such persons be confined there for the whole or for a part of their term of imprisonment, or be

merely placed temporarily in the House of Correction, pending their removal elsewhere, and also to persons awaiting their trial.

V. Should any person under sentence of death be at any time confined in the House of Correction, the power of the Sheriff to remove the prisoner to the Great Jail or to such other place as may from time to time be fixed on as the place of execution, and to execute that sentence of death, shall not in any wise be affected, anything in this enactment notwithstanding.

VI. The powers proposed to be entrusted by Section II of this Act to the Officer in whom the control of the House of Correction may be vested, are hereby extended to the Sheriff of Calcutta for the time being as regards that part of the Great Jail which will remain under the control of the Sheriff. In the case of mutinous or violent conduct, or where it may be necessary in order to prevent an outbreak, the Jailor shall exercise within the Great Jail the powers laid down in Section II of this Act. Provided that the Jailor shall, within twenty-four hours of the exercise thereof, report every instance in which he shall exercise such powers to the Sheriff, and the Sheriff shall have power to annul or alter the order as he may think fit.

VII. The Sheriff shall be bound to keep up the Register mentioned in Section II of this Act.

1. The Master or Captain of every inward or outward bound Vessel, on arriving within Signal distance of any Signal Station established within the River Hooghly or within any channel that may be made subject to the provisions of Act XXII of 1855, shall, on the requisition of the Pilot who may be in charge of the Vessel, signify the name of the Vessel by hoisting the number by which she is known, or by adopting such other means to this end as may be practicable and usual, and shall keep the Signal flying until it be answered from the Signal Station.

III. Cases arising out of this Act may be tried by any Officer having the full powers of a Magistrate within whose jurisdiction the offence may have been committed, or by any Magistrate of the Port or Town of Calcutta.

V. When, on a requisition from the Pilot to that effect, the Master or Captain of a Vessel not carrying Mails or Troops, and not employed in the service of Government, shall refuse to hoist the number of a Vessel, or to adopt such other means of making her name known as may be practicable and usual, the Pilot in charge of such Vessel shall, on arrival at the first place of safe anchorage, anchor the Vessel in question and shall refuse to proceed on his course until the requisition shall have been complied with; and no penalty shall be imposed on him for so doing.

THE following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations, on the 22nd February 1862, and was referred to a Select Committee who are to report thereon after the 26th March next:—

A Bill to provide for the Periodical Survey of Steam Vessels belonging to the Port of Calcutta.

WHEREAS it is desirable to provide for the Survey, by competent Surveyors, of all Steam Vessels belonging to or sailing out of the Port of Calcutta, with a view to the due security to the lives of passengers, and of property shipped on board such Steam Vessels; It is enacted as follows:—

I. Every Steam Vessel, belonging to or sailing out of the Port of Calcutta, whether employed on the rivers or as a sea-going Vessel, and for whatsoever purpose she may be employed, shall be liable to be surveyed twice in every year, in the manner hereinafter prescribed.

II. It shall be lawful for the Lieutenant-Governor of Bengal to appoint a fit and proper person, or fit and proper persons, to be a Surveyor or Surveyors for the purposes of this Act, and to fix, from time to time, the rate of remuneration to be received by such persons.

III. It shall be lawful for the said Surveyors to go on board any Steam Vessel belonging to the Port of Calcutta for the purposes of Survey, and the Owner and Master of such Vessel shall be bound to afford to the Surveyors all reasonable facility for the Survey; and any Owner, Master, or other Officer serving on board of such Vessel who shall refuse access to the Surveyors, or shall otherwise hinder them in the performance of their duty, shall be liable to a penalty of five hundred Rupees for each offence,

commutable to one month's imprisonment in the Civil Jail.

IV. When any Survey is made under this Act, the Surveyors making such Survey shall forthwith, if satisfied that they can with propriety do so, give to the Owner or Master of the Steam Vessel surveyed a Certificate and Declaration signed by them and in the Form appended to this Act.

V. No Officer of Customs shall grant a clearance, nor shall any Pilot be assigned to, or take charge of, any Steam Vessel which shall not have been duly furnished with a Certificate and Declaration under the provisions of this Act; and if any such Steam Vessel attempts to leave the Port of Calcutta or to go to sea without such clearance, any Officer of Customs, or any Pilot, may detain her until she is duly furnished with such Certificate and Declaration.

VI. If the Commander or any other Officer of a Tug Steamer or of any other Steam Vessel is a licensed Pilot and shall leave or attempt to leave the Port of Calcutta in such Tug Steamer or Steam Vessel without such Tug Steamer or Steam Vessel being duly furnished with a Certificate and Declaration under the provisions of this Act, such Commander or other Officer shall be liable to have his license as a Pilot taken away from him entirely, or suspended for any period by the Lieutenant-Governor of Bengal, as the Lieutenant-Governor may see fit to order.

VII. The Lieutenant-Governor of Bengal, in communication with the Controller of Steam Vessels or any other Officer whom he may think fit, is hereby empowered to frame rules as to the manner in which the Surveys shall be made, and to define the times and places of such Surveys and the duties of the Surveyors, provided such rules be not inconsistent with the provisions of this Act.

VIII. Any Surveyor demanding or receiving directly or indirectly from the Owner or Master of any Ship surveyed by him under the provisions of this Act, any fee or remuneration otherwise than as provided by the orders of Government, shall be liable to dismissal, as well as to a penalty of five hundred Rupees.

IX. Fees for every Certificate and Declaration shall be leviable by Government from the Owners of Vessels surveyed under this Act, at a rate not exceeding the scale laid down in the Schedule appended hereto.

X. Certificates and Declarations granted by Surveyors under this Act shall be hung up, and remain at all times suspended in some conspicuous part of the Vessel, where the same may be easily read; and in default of compliance with this

provision, every Owner or Master shall be liable to a penalty not exceeding one hundred Rupees for each offence, such fine to be leviable by distraint or sale of personal property.

XI. No Certificate or Declaration shall be held to be in force for the purposes of this Act after the expiration of six calendar months from the date thereof. Provided that, if any Steam Vessel is absent from the Port of Calcutta when her Certificate and Declaration expire, no penalty shall be incurred for the want of a Certificate and Declaration, until she first begins to ply or is about to ply after her next subsequent return to the Port of Calcutta. And the Lieutenant-Governor of Bengal, or any Officer appointed by him for that purpose, may require any Certificate and Declaration which has expired or has been revoked or cancelled to be delivered up as may be directed; and any Owner or Master who, without reasonable cause, neglects or refuses to comply with such requirement, shall incur a penalty not exceeding one hundred Rupees for each offence.

XII. The Lieutenant-Governor of Bengal or any Officer appointed or authorized by him for that purpose, may revoke and cancel such Certificate and Declaration in any case in which he has reason to believe,—

(1.) That the Certificate and Declaration of the sufficiency and good condition of the hull, equipments, and machinery of any Steam Vessel, or either of them, have been fraudulently or erroneously given or made: or

(2.) That such Certificate and Declaration have otherwise been issued upon false or erroneous information: or

(3.) That since the giving and making of such Certificate and Declaration the hull, equipments, or machinery of such Ship have sustained any injury or are otherwise insufficient.

And in every such case the Lieutenant-Governor of Bengal or such Officer as last aforesaid may, if he thinks fit, require the Owner or Master to have such Steam Vessel again surveyed as herein provided.

XIII. Any case arising out of this Act may be tried by any Officer having the full powers of a Magistrate within whose jurisdiction the offence may have been committed, or by any Magistrate of the Port or Town of Calcutta.

XIV. The word "Surveyors" as used in this Act shall be taken to include any Surveyor acting alone when authorized so to do by the Lieutenant-Governor of Bengal under the provisions of this Act.

FINANCIAL DEPARTMENT.

No. 26.

Fort William, the 21st February 1862.

READ Reports by the Auditor-General of India and the Civil Pay-Masters of Bengal, Madras, Bombay, the North Western-Provinces, and the Punjab on the Cash Balances of India for the months of November and December 1861, and January 1862.

Read also revised Estimates prepared in the Financial Department of the Revenues and Charges and the Cash requirements of India for the year 1861-62.

RESOLUTION.—During three years the Financial condition of India, consequent upon the Mutiny, has made it necessary that new Taxes should be imposed upon the Country.

Amongst these Taxes is the duty on Arts Trades, and Dealings, commonly called the License Tax.

The Law by which this Tax is imposed was passed on the 16th July 1861.

It is a Tax which falls chiefly upon the various classes of Artizans, Mechanics, and petty Traders.

That these, as well as the wealthier classes, should, in proportion to their means, contribute to the support of the State, is just in itself and is consonant with the usages of India; and the Governor General in Council has no reason to suppose that this principle is not understood and contentedly acknowledged by all.

It is the conviction of the Governor General in Council that the License Tax may be equitably and advantageously adopted as part of the Financial System of India whenever the exigencies of the State shall make it necessary.

But the Governor General in Council desires not to impose Taxes upon any classes without necessity; and the improvement which has now shewn itself in the Financial condition of India, enables the Government to dispense with the sum which would have been yielded by the License Tax.

This improvement is demonstrated by the Returns lately received under the new system of Account and Audit and by the steady increase of the Cash Balances.

The Cash Balances of all India amounted, on the 31st of January, to 18,40,00,000 Rupees, which, after allowing for the payment of all sums due for charges in England, will leave a net balance in India of more than fifteen crores.

As during the last year no Loans have been raised; as in that time there have been no extraordinary receipts; as it is certain by the Returns already before the Government that the actual Financial results of the year 1861-62 will be more favorable than was anticipated in the Estimates of April last; as most of the branches of Revenue are healthy, and as further reductions of expenditure are in progress, the Governor General in Council is satisfied that the License Tax is not required to maintain a Financial equilibrium. He has therefore resolved to dispense with it.

The annual sum which the Government will thereby surrender is between fifty and sixty lacs of Rupees.

This sum would be collected from about five millions of payers.

As the collection, although not far advanced, has been begun, the Governor General in Council determines that, in order to avoid unnecessary trouble and vexation, and to prevent all doubt of the intention of the Government, the collection shall be abandoned at once without waiting for the completion of the Budget of the ensuing year.

Accordingly, the Governor General in Council orders that, in anticipation of the Law which will be immediately proposed for the repeal of Act XVIII. of 1861, all proceedings under that Act be stopped, and that any collections which may

have been made under it be returned to the payers.

ORDER.—Ordered, that a copy of the above Resolution be forwarded to the Departments, Governments, and Officers noted in the margin, for information and necessary orders, and that the Resolution be published in the *Gazette* for general information.

FROM C. H. LUSHINGTON, ESQ.,

TO THE MILITARY FINANCE DEPARTMENT.
Fort William, Council Chamber,
The 10th February 1862

FINANCIAL DEPARTMENT.

GENTLEMEN,—I HAVE the honor to acknowledge the receipt of your letter No. 5342A., dated the 9th instant, with enclosures, from which it appears that Colonel McCally, Commissary General, Madras, having applied to the Military Accountant there for a "certificate of no demands" to accompany an application from him for leave to retire from the Service, without furnishing the necessary documents which would have enabled the Controller of Military Finance to ascertain that the funds taken up by Colonel McCally in his capacity of Commissary General had been applied by him in accordance with the sanctioned estimates, the Controller suggested that Colonel McCally should be required to give a reasonable amount of security to meet any objectionable charges which might arise after his departure, and for which the Government might consider him justly responsible, and that following this recommendation, the Madras Government directed the Controller to require Colonel McCally to furnish reasonable personal security to guard them against possible loss.

2. The principle laid down in this case should you recommend be extended to all cases of Officers drawing funds or authorizing expenditure.

3. In reply, I am desired to observe that there can be no question regarding the correctness of the principle of holding Heads of Departments personally responsible for the issue of funds on their authority beyond the limits of the Budget sanction, and that any measure that would enforce this responsibility is in itself desirable. Notwithstanding that the direct orders of Government

prohibit the issue of funds in excess of the grant for any particular Department of the public service, it is possible that such excess may be authorized by the Head of a Department under circumstances that would not justify the issue; and in such a case, His Excellency in Council is clearly of opinion that some security should be demanded from the retiring Officer; but His Excellency is also of opinion that, as pecuniary responsibility already attaches to the *Executive* Officer at whose disposal the funds are placed, and who deposits substantial security for the correct appropriation of such funds, a declaration by the retiring Officer that he has not authorized the issue of funds to Executive Officers beyond the limits of the sanctioned grant for his Department, or in cases where such limits have been exceeded, a personal guarantee to meet any claims of Government arising out of such excessive issue, will sufficiently establish the principle of personal responsibility and secure the observance, under ordinary circumstances, of Budget limits.

4. His Excellency in Council is accordingly pleased to direct that all future cases shall be governed by the Rule above laid down.

I have the honor to be, &c.,

RESOLUTION.—The Governor General in Council observes that the twelve months' notice given to the Bank of Bengal, under the provisions of Act VI. of 1839, will expire on the 10th February 1862, and that it has been declared by Section I. of Act XIX. of 1861, that Section XXXI. of Act VI. of 1839, so far as it authorizes the Bank to issue Promissory Notes payable on demand, is repealed from and after the first day of March 1862.

It becomes necessary, therefore, to determine without delay what steps shall be taken for the introduction of the Government Paper Currency in Bengal.

It also has to be considered,—

1st.—On what date the transfer of the business at present performed in the General Treasury shall be made to the Bank of Bengal, under the provisions of Clauses 1 and 2 of the Agreement with the said Bank, in order that the Notification provided for in Clause 20 of the Agreement may be issued.

2ndly.—When and in what manner the cash balances shall be made over to the Bank, and

3rdly.—What steps are necessary for carrying out the orders contained in the Resolution passed in this Department on the 22nd August last, in respect to the conduct of the business of the Sub-Treasurer's Office generally by the Bank and the accounts to be rendered by the Bank.

With respect to the introduction of the Government Paper Currency, His Excellency in Council directs that a set of Rules for the conduct of business, in conformity with Clauses 6 to 18 of the Agreement with the Bank, be drawn up in consultation with the Officiating Mint Master and the Secretary and Treasurer of the Bank, and that a suitable Establishment be provided for the purpose of assisting the Officiating Mint Master in the management of the Paper Currency.

As regards the transfer of the Treasury business to the Bank, His Excellency in Council observes, with reference to the first point mentioned above, that it is provided by Clause 20 of the Agreement with the Bank that the provisions of the Agreement shall come into operation from and after a day to be fixed by the Governor General in Council by notification in that behalf, which shall be published in the *Calcutta Government Gazette* within six calendar months from the date of the Agreement, viz., the 26th September 1861, and His Excellency in Council resolves that from and after the 1st day of March 1862, the business referred to in paragraphs 1 to 2 of the Resolution of the 22nd August last shall be conducted by the Bank in the manner stated therein.

In regard to the several Departments of the Sub-Treasurer's Office, His Excellency in Council is pleased to pass the following orders

No. I. *Government Savings Bank.*

This Department will be made over by the Sub-Treasurer to the Accountant-General to the Government of India.

No. II. *Securities deposited by and belonging to Officers of Government on which the Sub-Treasurer draws and remits interest.*

These Securities will be transferred to the Bank, leaving the Directors of the Bank to submit for

consideration the question mooted in paragraphs 9 and 10 of the Resolution of the 22nd August last, relative to an extra remuneration to the Bank on account of the said Securities.

No. III. *The custody in deposit and credit of the assets of Deserters, deceased Officers and Soldiers (both in cash and articles deposited) and the preparation of the accounts and periodical Statements connected therewith.*

This duty will be transferred to the Presidency Pay-Master in the manner set forth in paragraph 11 of the Resolution of the 22nd August, on the understanding that the action of the Presidency Pay-Master will commence from the date of transfer, the previous accounts being made over to the Accountant-General to the Government of India, to whom all references regarding past transactions will be made by the Presidency Pay-Masters.

No. IV. *The Counter-Stamp Department.*

This Department will, as provided in the Resolution, be made over to the Civil Pay-Master.

No. V. *The Deposits of the Supreme Court.*

The Judges of the Supreme Court having agreed to the transfer of these Deposits to the Bank, provided the Security of the State is not withdrawn, and no additional expense is occasioned, the Governor General in Council directs that the Directors of the Bank be requested, with respect to this and all the other quasi Governmental accounts transferred to the Bank with the Treasury business, to waive its usual commission on sale or purchase of Capital Stock, and only retain the $\frac{1}{4}$ per cent commission on drawing interest of Securities lodged with the Bank.

No. VI. *The Deposits and Accounts of the different Service Funds.*

The subject of these Deposits and Accounts will be separately disposed of.

No. VII. *Records, Accounts and Vouchers of the General Treasury.*

These will be made over to the Accountant-General to the Government of India.

No. VIII. *The acceptance of Bills not payable at sight, and payment of Sight Bills without acceptance, issue of Supply Bills and of Land Revenue Public Service, and Privilege Remittance Transfer Receipts.*

These duties will be distributed between the Bank of Bengal and the Civil Pay-Master, in the manner laid down in the Resolution of 22nd August last.

No. IX. *The Deposits of Educational, Nizamut and other Funds on which the Sub-Treasurer draws and remits interest and invests accumulations of assets in Government Securities under orders of the respective authorities.*

The orders passed in regard to the deposits of the Supreme Court [No. 5], apply to the deposits of Educational, Nizamut and other Funds.

No. X. *The Deposits of the Administrator-General and Official Trustee and the receipt of his Remittances to England.*

These deposits, &c., His Excellency in Council observes, are some of those quasi Governmental accounts to which the orders relative to the deposits of the Supreme Court [No. 5.] apply.

No. XI. *The custody of State Jewels and of Copper Coins remitted by the Secretary of State.*

The custody of State Jewels will rest with the Mint Master and that of Copper Coins remitted by

the Secretary of State with the Bank. The Copper Coins are at present unsorted in their original packages, arranged cargo by cargo. The packages will be taken over by the Bank, but may remain at the Treasury vault for the present, unless the Directors of the Bank desire to remove them and examine their contents. Practically, they will remain where they are, and the Bank will credit the Government of India with the invoice value of the Copper Coins, but if on opening any package to send Copper Coins to any District Treasuries any mistake be discovered in the invoice, as the package will never have been, though nominally, out of the custody of Government, His Excellency in Council will be prepared to sanction the Bank's being credited with any proved deficiency.

No. XII. *The Deposits of the General Post Office.*

The Bank having declined to cash the halves of Bank Notes which constitute these deposits, in order that the value may be held in deposit, the halves of the Bank Notes in question will be transferred to the Bank for the purpose of being disposed of in any way the Directors of the Bank may determine.

No. XIII. *The remittance and despatch of Bullion.*

This business will be performed by the Bank under orders of the Civil Pay-Master, the cost being charged against the Government in contingent bills to be passed by the Civil-Pay Master.

No. XIV. *Custody and credit of Remittances from the District Treasuries.*

The orders passed above in regard to Department No. XIII will apply to this Department also.

No. XV. *The Account and Correspondence Department of the General Treasury* will be transferred to the Accountant-General to the Government of India.

No. XVI. *Bonds of Indemnity, Emigration, Bonds, and Guarantees, Title Deeds of Government properties, Fort Marlboro's Bonds, Servants' deposits, and Emigrants' deposits and Soldiers' Treasury Notes* will also be transferred to the Accountant-General.

No. XVII. *The Cash Balance of the General Treasury* will be made over to the Bank; but so much of the actual specie as may require to be lodged with the Issue Department of the Mint in exchange for Currency Notes will remain for the present at the Treasury, the rest of the cash balance being removed to the Bank. The Treasury vault will then be transferred to the custody of the Mint Master.

With respect to the third point, nothing more appears to be necessary than to direct the Accountant-General, in communication with the Bank, to carry out the views expressed in the Resolution of the 22nd August.

Adverting to paragraph 43 of the Resolution of the 22nd August, His Excellency in Council observes that two questions were referred to the Advocate-General for opinion, viz:—

1st.—How far the literal construction of the contracts with Railway Companies may be effected by the abolition of the General Treasury.

2nd.—The necessity for some provision for the substitution of the Officers of the Bank of Bengal in the place of the Sub-Treasurer as Special Assessors and Collectors of Income Tax duty upon all sums liable thereto which may be paid from the Bank.

As regards the first question, His Excellency in Council agrees with the Advocate-General in

thinking that the operation of the Railway Company will not be at all affected by the substitution of the Bank of Bengal for the present General Treasury of Calcutta. His Excellency in Council thinks it will be sufficient for the purpose of meeting the provisions of the contracts according to their true legal construction that an order be passed and published to the effect that the Treasury of the Secretary of State for India in Council and of Her Majesty's Government shall, from and after the 1st of March 1862, be established at the Bank of Bengal, and that all payments to be made by, or, to the Secretary of State in Council, or the Government of India, or the Government of Bengal, at the Treasury of the East India Company, or of the Secretary of State in Council, or of the Government at Fort William, shall and may be henceforth made at the said Bank of Bengal.

As the payments of interest on Government Securities are to be extended to the Bank of Bengal, and as such interest is expressed to be payable at the General Treasury at Fort William, and as it may be questioned whether that expression does not imply a separate Government Establishment called the General Treasury, and whether it would be legally satisfied by the appointment of an Agency at a Bank for the purposes of a Treasury, His Excellency in Council thinks it will be preferable to provide by a Legislative Act for such payments being made at the Bank of Bengal as long as its agreement with the Government should remain in force.

With respect to the second question, the Governor General in Council observes that under the Income Tax Act the Officers of the Bank of Bengal, by whom payments are made on account of the Government under the new arrangement, can scarcely be deemed "authorities in charge of a Public Treasury" within the meaning of Section XXVI., although "authorized to pay the interest on any Security of the Government of India, &c.," and that consequently they will not become ex-officio Assessors under that Section, nor can they be appointed by the Local Government Special Assessors under Section XXXI. of the Act, as that Section only applies where no provision has been made for the appointment of Assessor by the Act itself. But His Excellency in Council thinks that, in the new Act for regulating the Bank, a clause may properly be inserted, providing that the Secretary and Treasurer of the Bank of Bengal should have vested in him the same authority and power as an Assessor, in regard to any interest on any Security of the Government of India, or any other sums or profits specified in Section XXVI. of the Act, and which the Bank of Bengal may be authorized to pay on account of the Government, as by Section XXVI. and XXXII. are vested in the Sub-Treasurer of the Government.

Measures have been taken already in this Department, with a view to the order as to general payments, and the provisions regarding payments of interest on Government Securities, and appointment of the Secretary and Treasurer of the Bank, being embodied in the new Act above referred to, and His Excellency in Council desires that the necessity of passing the new Act may be taken into early consideration at a meeting of the Council for the purpose of making Laws and Regulations.

In publishing the order regarding general payments, and the Notification above alluded to, His Excellency in Council desires that the Agreement with the Bank be published, in order that the public may be apprized of the terms on which the business of the General Treasury and the Government Paper Currency shall, from the date fixed, be conducted by the Bank of Bengal.

It will be also intimated that the Head Commissioner of the Department of Issue shall be the Master of the Mint at Calcutta, or the person officiating in that capacity for the time being, and that the Calcutta Circle of Issue, within

With regard to the arrangements to be entered into with the Banks at Madras and Bombay, the Governor General in Council directs that copies of the Resolution of the 22nd August last, of the Agreement with the Bank of Bengal, and of this Resolution, be forwarded to the Governments of those Presidencies, with a request that this Government may be furnished as soon as possible with the detail arrangements which those Governments propose with their respective Banks, together with a Statement of the extent of the respective Presidency Circles, date of commencement of the transfer of their Treasury business, and introduction of the Paper Currency, and other particulars, if any, as Charter Act Amendments, which those Governments would recommend, with a view to carry out the arrangements in general accordance with those now sanctioned for Calcutta.

Ordered, that a copy of the foregoing Resolution be forwarded to the undermentioned Department, Governments, and Officers, with a request that the orders contained therein respecting them be attended to.

No. 221A.

The 15th February 1862.

The following Extract from a Resolution recorded by the Government of India, in the Financial Department, No. 126, dated 6th January last, is herewith published for general information, and the Lieutenant-Governor requests that all Officers concerned will pay especial attention thereto:—

“His Excellency in Council takes this opportunity to urge the several local Governments and Administrations themselves to consider and to impress upon every District Officer subordinate to them that the Budget Estimate is an important document, not to be lightly given or lightly departed from, and that if, in the first six months, the results should differ from the expectations, endeavours must be made in the remainder of the year to bring the actuals within the Estimates, and it must on no account be assumed that an incorrect Estimate is a matter of little importance, which may be set right by simply sending in a revised Estimate.”

By Order of the Hon'ble the Lieutenant-Governor of the North-Western Provinces,

GEORGE COUPER,

Secy. to Govt., N. W. P.
